## Employment History

**Freelance \ Contract Web Design** Jul 2008 - Present

Freelance work has been a good way for me to keep up to date with the latest technologies and design trends. It has also encouraged me to work and adapt to different demands and situations.

**Groovy Bananas LTD** Sept 2012 - April 2013

Contract work on two yet to be released sites written in Ruby using JavaScript, CoffeeScript, LESS, SASS, PostgreSQL, Redis and MongoDB.

**Pikup Inc LTD** Aug 2011 - Dec 2012

In 2011 I decided to try starting a company based on my design and programming knowledge. Pickup is a web, Mac and iOS app whose intention is to change the way independent media is funded. While starting Pickup I worked on all aspects the design, programming, branding, infrastructure, business development, marketing, animation etc.

**Barrie Alderton Estate Agents** Jan 2010 - July 2011

In order to improve my sales and communication skills I spent a year working as an estate agent while teaching myself a number of programing languages.

**IDentity Consulting** Mar 2008 - Aug 2009

At IDentity Consulting I worked on a number of projects and was the primary designer on all aspects for HiQ's corporate rebranding of HiQ centres.
